XA MONTHLY NEWSLETTER

LEADERSHIP NIGHT

We love our student small group leaders! They are so passionate about reaching new students and truly just investing in those in their group.

We had our last leadership night of the semester a few weeks ago. We did a Q&A with some seniors about how small group leaders can prep for next year and how they can be intentional with their group this summer.

Then this upcoming weekend we have our spring leadership retreat to close out the year! This is a time where all staff, small group leaders, and new upcoming small group leaders get together to just seek God and train for the next year.

CHILI COOK OFF

OUR FIRST OFFICIAL LARGE EVENT ON CAMPUS THIS YEAR!

We had over 22 small groups compete, each having their own theme, costume, and chili recipe! Then over 250 people showed up to eat, hang out, and line dance the night away. It was so much fun, and Tyler was able to get a new guys number who came to XA the next week!

Tyler got the lucky job of being our chili runner! He ran around the student activity center to invite random students to our chili cook off!

BOWLING NIGHT

This truly has been the month of events, we had so much fun packing out the bowling alley after our XA large group service a few weeks ago. I got to bowl with a few girls I did not know, and it was cool to just get to know more students on campus.

PRAISE REPORT // PRAYER

There is a girl I met at the beginning of the year named Kristin. I had invited her so much to XA and small group, but she always said she could not. She hung out with me a few times one on one, but it just felt like we we could not connect, even though I tried really hard. So, I just pray that God would bring more people into her life to invite her as well, and that she would have a desire to go. A few weeks later I saw her walk into one of our services! One of our new small group leaders in training was in an class with her and invited her and she said yes!!! Now they are becoming great friends. What a win! Would you continue to pray she would just grow closer to that girl, and just have a desire for a relationship with Jesus.

PRAYER:

1. Like I said above, this weekend is leadership retreat! So just be praying everyone gets there safely and it is a powerful weekend!
2. We have our long term planning next week for summer and next semester, pray God gives us wisdom as we plan!
